Member

A MESSAGE FROM THE CHAIRMAN

Winter is behind us and I am glad to see the snow and cold weather be replaced by the beautiful flowers in our Township parks.

I want to say thank you to my fellow Board members for electing me Chairman this year. I look forward to working with the Board for the rest of 2016 as we work towards fulfilling our responsibilities as Board members and stewards of Newtown Township.

This year I am very excited about some projects that we have started and continue to work on. I am pleased with the continued progress of the Township wide comprehensive trail plan. We have been working with one of our engineering firms and residents to formulate a plan to integrate existing trails and neighborhoods in Newtown Township and with County and regional trail plans. This large scale plan will make Newtown Township a better place to get around on foot or bicycle and, for those that are more adventurous, get out to neighboring municipalities and beyond.

I am also pleased at the progress that our Technology Committee has been making with our website vendor to revamp our Newtown Township website. Unlike our Parks and Rec website, the main Township website is in need of some enhancements and general improvements. The progress so far is encouraging and should be a welcomed improvement. We are looking forward to those website improvements in both function and aesthetics.

As Board of Supervisors Chairman this year I will continue to work with the Board to maintain those things that make Newtown Township a great place to live and work and look for ways to make it better where we can.

Thank You,
Kyle Davis, Chairman
Newtown Township Board of Supervisors

MESSAGE FROM CHIEF HENRY PASQUALINI:

Due to the sophistication of the telephone and the internet, the number of fraud victims has increased — even with the cautionary notices that law enforcement and the media have reported. **DO NOT BECOME A VICTIM.** You need to hang up on callers who threaten you with arrest, seizure of property or withholding medical treatment of a loved one unless you pay a fee. Our police department continues to experience an increase in residents reporting calls from unknown subjects attempting to defraud them of money. The callers falsely identify themselves as agents of the I.R.S., Department of Treasury, or in some cases representatives of a computer software support staff. In January a victim was so frightened by a caller who told the resident she would be arrested if she didn't pay $4,800.00 in back taxes. The victim immediately made the transfer.

Others become victims of credit/debit card fraud. One man reported fraudulent activity on his credit report when he received mail from two separate vendors reporting that accounts had been opened or attempted to be opened in his name. One company told him a credit card had been set up, and $5,000.00 had been authorized.

In another scam, thieves will contact their target saying that they are a legitimate computer services company and need to remotely access the individual's computer to purge a "virus." In reality, there is no such virus. Once the scammers obtain access, they will lock the individual's computer and demand cash payments to release the computer from their grip.

One of the most offensive scams is when unknown individuals call potential targets, tell them one of their relatives has been kidnapped and that the family must wire money to ensure the victim's safe return. In one incident, the victim transferred thousands of dollars to various locations before realizing there was no kidnapping and the threat was fictitious.

THE PENNSYLVANIA DEPARTMENT OF ENVIRONMENTAL PROTECTION (DEP) REMINDS POOL OWNERS TO HANDLE WASTE WATER SAFELY

Clean Streams Law Prohibits Discharging Chlorinated Water to Storm Sewers

Private and public pool owners, as well as pool management companies, should remember that pool and chlorinated wastewater must be handled responsibly.

With warmer weather just around the corner, many Pennsylvania residents and municipalities are getting their pools ready for the summer. But almost every spring, as swimming pools are cleaned and prepared for summer use, we see fish kills in local streams that easily could have been prevented.

Pool owners and professional pool cleaners need to dispose of old water correctly and to neutralize wastewater that contain harmful chemicals, such as chlorine. Most of all, they need to make sure the wastewater is going into the sanitary sewer, where allowed—not the storm sewer.

When chlorinated water is drained from a swimming pool into a storm sewer, it quickly makes its way to a stream or other body of water, where aquatic life is damaged or killed.

Discharging swimming pool water to the commonwealth's waters without a permit violates the Clean Streams Law. Property owners and pool companies that violate this law may be prosecuted and penalized for damages.

Contact the Newtown, Bucks County Joint Municipal Authority at 215-968-4109 to determine their requirements for discharging pool backwash water, neutralized pool cleaning wastewater, and standing water to their sanitary sewer system. If sanitary sewers cannot be accessed, the wastewater should be hauled off-site for disposal at an approved treatment facility.

In cases where sanitary sewers cannot be accessed and wastewater cannot be hauled away, the Department offers detailed guidance for the on-site treatment and disposal of water containing chlorine or chemicals used to clean pools.

Questions regarding the handling of pool wastewater may be directed to the Clean Water Program in DEP's regional office at 484-250-5970.

To report an illicit discharge to the stormwater collection system, stream, creek or river, please call 215-968-2800 x246.

STREET SWEEPING ALERT

The Newtown Township Public Works Department will begin the process of cleaning the streets of Newtown sometime in April. The department asks that the residents look for street sweeping signs at the development entrances and remove cars and trash cans from cartways. This will make it possible for the sweeper to pick up the debris closest to the curbs.

Exact dates for cleaning will be posted on the website, www.twp.newtown.pa.us.

Weather conditions and other emergency factors determine the schedule as well.

DISCOUNT THEME PARK TICKETS

Looking for summer fun at your local theme park? Stop by the Parks & Recreation office before you go for fantastic discount ticket pricing and save up to $34 with select tickets! We offer tickets to Adventure Aquarium, Blue Mountain Ariel Park, Crayola Experience, Diggerland USA, Dorney Park, Dutch Wonderland, Elmwood Zoo, Hershey Park, Knoebels, Philadelphia Zoo, Sahara Sam's, Six Flags, Sesame Place, Regal Cinemas and more! Tickets must be purchased in person at the office, Monday through Friday, 8:00 am – 4:30 pm. All ticket sales are final, no refunds will be issued. Please contact the office to confirm availability: 215-968-2800 ext. 239. MasterCard, Visa & Discover accepted

NEWTOWN TOWNSHIP CODES & ZONING DEPARTMENT

With the arrival of Spring and Summer months around the corner, here are a few helpful hints and items that may or may not require a permit for repair:

Please check your contractor's credentials and licenses prior to signing a contract and giving a deposit at www.attorneygeneral.gov or call 717-772-2425

- **ROOFS**

  Roof replacement for single family **attached** dwellings **PERMIT REQUIRED.**

  Roof replacement for single family **detached** dwellings **NO PERMIT REQUIRED.**

- **WALKWAYS**
  - Removing and replacing your private walkway by increasing size, or change of location **PERMIT REQUIRED.**
  - Removing and replacing your private walkway without increasing the square footage and in same location **PERMIT NOT REQUIRED.**
- **DRIVEWAYS**
  - Removing and replacing your private driveway by increasing size or change of location **PERMIT REQUIRED.**
  - Removing and replacing your driveway without increasing the square footage and keeping in the same location **PERMIT NOT REQUIRED.**

Thinking of selling your home? A few things you should know:

1. Your Real Estate Agency should be registered yearly with the Township to erect a for "sale sign" within the Township.
2. Use & Occupancy inspections are not required for residential re-sale
3. Only one "For Sale" sign is allowed on your property, unless your property fronts more than one street.

A new fee schedule has been adopted by the Newtown Township Board of Supervisors, and can be found at www.twp.newtown.pa.us.

The Codes Department is willing to answer questions. Phone numbers and emails can be found on-line at www.twp.newtown.pa.us CODES DEPARTMENT.

RECYCLE YOUR CELL PHONE

Recycle your old cell phone to benefit the Newtown Township Parks & Recreation Department. For each cell phone and battery dropped off for recycling at the Newtown Township Parks and Recreation Department, 100 Municipal Drive, Newtown, PA 18940, the Recreation Department will earn funds that will be used to help support township-wide recreation programs and events

CHECK US OUT ON FACEBOOK!

Search for Newtown Township Parks & Recreation on facebook.com and like us to see updates and flyers for upcoming, current and new classes!

INSTRUCTORS NEEDED!

Have an idea for a class? Do you have a special talent or hobby that you would like to share with the community? Please contact the Parks & Recreation office at recreation@twp.newtown.pa.us for more information about teaching a program with us! We offer a wide variety of program activities and are constantly looking for new ideas. Thank you for your interest in working within your community and Newtown Township Parks & Recreation!

ODB ONE DAY BATH Inc.

EMERALD ASH BORER: DESTROYING ASH TREES

by Micah Lewis, Assistant Township Manager

Today's cities and towns across the US and eastern Canada are facing a green menace known as the emerald ash borer a half-inch long metallic green beetle with the scientific name Agrilus planipennis Fairmaire. Larvae of this beetle feed under the bark of ash trees. Their feeding eventually girdles and kills branches and entire trees. Emerald ash borer feeds exclusively on ash trees in North America. Tens of millions of ash trees have been lost to this pest, which usually kills ash trees within 3-4 years of infestation. Unfortunately the Emerald Ash Borer has damaged many ash trees at the Clark Nature Center and created a new risk management concern as dead ash trees or branches can fall on cars and potentially people. In response the Township has had to remove dead or diseased ash trees at the nature center because of this risk to public safety. The Township was careful in its selection of trees for removal and did not remove healthy trees, or infected trees that did not create a risk to public safety.

The Township has had several requests by area residents to take possession of the fallen trees, either for firewood, or woodworking purposes, however the infected trees must remain in place to limit the spread of Emerald Ash Borer. Federal quarantine restrictions prohibit the movement of dead or diseased lumber infected with emerald ash borer across state lines.

What you can do…

If you have an ash tree on your property you may want to have it evaluated to assess whether your tree is suitable for treatment or if you should remove and replace with a different species. Doing nothing may put you and your property at risk. Also purchase firewood from a known source and try to use firewood in the cold months so emerald ash borer larvae or adults do not survive through the spring.

For additional information on Emerald Ash Borer please visit http://ento.psu.edu/extension/trees-shrubs/emerald-ash-borer or to find a Certified Arborist please visit http://www.isa-arbor.com/home.aspx

COOKING SAFETY

John Gundy

How often has the doorbell rung or a child interrupted you while you were cooking, causing you to forget about the chicken you left sizzling on the stove - until smoke filled the house?

If this scenario or a similar one doesn't sound familiar to you, you may want to think about it a little more, because it's likely that you, a friend, or family member has run the risk of having a dangerous fire. As first responders in our community, we often talk to people about the ways they can stay safe in their homes. Too often, we have that talk after they've suffered a damaging fire.

It's our hope that people reading this article won't have to learn the hard way. If we could give just one fire safety tip, it would be about careless cooking.

Why? Because cooking is the leading cause of home fires, according to the nonprofit National Fire Protection Association (NFPA). The latest statistics from NFPA say that one out of every three home fires started in the kitchen and more than 100,000 fires a year were related to cooking. ***Prevention Week Web site, www.firepreventionweek.org. ©2006 NFPA."***

Often when we're called to a cooking-related fire, the residents tell us they only left the kitchen for a few minutes. Sadly, that's all it takes for a dangerous fire to start. The bottom line is that there's really no safe period of time for the cook to step away from a hot stove. A few key points to remember:

- Stay in the kitchen when you are frying, grilling, broiling, or boiling food. If you must leave the room even for a short period of time, turn off the stove.
- When you are simmering, baking, or roasting food, check it regularly, stay in the home, and use a timer to remind you.
- Keep cooking areas clean and clear of combustibles (e.g. potholders, towels, rags, drapes and food packaging).
- Keep children away from cooking areas by enforcing a "kid-free zone" of three feet around the stove.
- If you have a fire in your microwave, turn it off immediately and keep the door closed. Never open the door until the fire is completely out. If in doubt, get out of the home and call the fire department.
- Always keep an oven mitt and a lid nearby. If a small grease fire starts in a pan, smother the flames by carefully sliding the lid over the pan (make sure you are wearing the oven mitt). Turn off the burner and slide the pan off the burner. To keep the fire from restarting, do not remove the lid until it is completely cool.
- Never pour water on a grease fire. If the fire does not go out, get out of the home and call the fire department.
- If an oven fire starts, turn off the heat and keep the door closed to prevent flames from burning you or your clothing. If the fire does not go out, get out of the home and call the fire department.

A cooking fire can quickly turn deadly. We have seen too many homes destroyed and people killed or injured by fires that could have been easily avoided. Please heed these simple safety rules. We firefighters would like to be in your kitchen, but only when you invite us for dinner!

2016 SUPER 6 WEEK SUMMER CAMPS

Art • Enrichment • Theatre • Sports • Science and more

Make this the best summer ever!

Our very popular day camps are back! Newtown Township summer camps offer summer FUN for kids 4-6 years, 6 -12 years and 11- 14 years, with great staff all trained in first aid and CPR.

Camp Beechtree is a great first camp experience for younger campers ages 4-6 years old, for six weeks Mon - Fri, 9:00 am - 12:15 pm. The campers enjoy arts and crafts, organized activities, games and special events.

Camp Newtown is our most popular camp! Campers must be entering first grade and no older than sixth grade, Mon - Fri, 9:00 am - 3:30 pm and is located at Newtown Elementary School. The children swim, play sports and games, do crafts, and more both inside and out! There are also our very popular onsite events, such as the talent show and theme weeks. Extended before and after care is available for an additional fee. This is a six week program with an optional 7th week at the end for an additional fee.

Teen Camp is a wonderful active camp for sixth to ninth graders, Mon - Fri, 9:00 am - 3:00 pm and is located at Goodnoe Elementary School. This camp is designed for teens with fun trips, swimming, special events, arts and crafts and is the ultimate FUN camp

Playground Camp a great half day camp for first to fifth graders at Goodnoe Elementary School. The camp is offered twice in three week sessions for those campers who want to go to a shorter, more affordable camp that is full of arts and crafts, and plenty of games and sports!

For more information on camps or to register online visit the Newtown Township Parks and Recreation Website at www.newtownfun.com
